Director of Finance, UCD

# Graduation Ceremony 2024

## **Declaration on Admission as a Member of the Irish College of General Practitioners**

I do solemnly declare and promise that I will, to the best of my ability, uphold the primary aims of the Irish College of General Practitioners, to serve the patient and the general public by encouraging and maintaining the highest standards of family medicine.

I promise to continue to learn and maintain my competence for the benefit of my patients.

I will practice medicine with integrity, humility, honesty and compassion - working with my fellow Family Medicine Specialists and other clinical colleagues to meet the needs of my patients according to the standards and ethos of both the profession and the college.

I promise that I will observe and be obedient to the bylaws and regulations of the college.

And I will ensure to maintain my own well-being to provide care of the highest standard to my patients and myself.

## Dr Molly Owens Award for Excellence

The late Dr Molly Owens was a much-valued and esteemed college Member who gave generously of her time, energy and sharp intellect in furthering the development of Family Medicine education and assessment both in Ireland and Malaysia. Alongside her work as a Continuous Medical Education tutor, she served as an examiner for the MICGP examination for seventeen (17) years, ultimately serving as Chair of the MICGP Examination Subcommittee from 2014 - 2019.

Her work contributed to the high regard in which the MICGP examination is held internationally. Dr Molly became ICGP Clinical Director of International Programmes, where she was instrumental in developing the MICGP examination in Malaysia, including the work of contextualizing the curriculum and the examination questions for the Malaysian training programme. Molly loved spending time working with her Malaysian colleagues and developed strong relationships, which ultimately strengthened the establishment of the programme. To the very end, this was the one area of her work with the College that Molly strove to continue to support.

The Dr Molly Owens Award for Excellence is awarded to the candidate who achieves the highest overall mark in the MICGP examination and the Entrustable Professional Activities (EPAs) for the CSCST in the 12 months leading to graduation.

This is an annual award at the MInTFM Graduation Ceremony.

The 2024 recipient is **Dr Siti Zulaikha binti Shazali**

## MInTFM

Malaysia-Ireland Training in Family Medicine is a four-year pathway leading to Family Medicine Specialization. The programme had its first intake in October 2019, with the support from Ministry of Health. Trainees spend two years training in hospitals, and two years in health clinics (Klinik Kesihatan), guided during the latter by MInTFM's trained trainers.

The programme has grown exponentially since 2019 with 5 schemes across Malaysia – Northern, Central, Southern, Sabah and Sarawak, with an intake totalling 120 per year. Furthermore, the Northern and Central Schemes have been divided (administratively) into 2 regional teaching hubs respectively.

Graduates have earned Membership of the Irish College of General Practitioners through successful examination, and have been awarded a Certificate of Satisfactory Completion of Specialist Training by MInTFM. Working Family Medicine Specialists form the Scheme Directing Teams and augment the graduates' learning throughout the 4 years. The programme constantly works towards its vision to help build a formidable workforce to deliver the best possible primary care for the people of Malaysia.

## ICGP

Founded in 1984, The Irish College of General Practitioners (ICGP) is the professional body for general practice in Ireland. The College's primary aim is to serve the patient and the general practitioner by encouraging and maintaining the highest standards of general medical practice. The College is the recognised body for the accreditation of specialist training in general practice in Ireland. At an international level, the College is a member of the World Organization of National Colleges and Academies and Academic Associations of General Practice (WONCA)

## iheed

iheed is a medical education technology organization. iheed's mission is to see better healthcare outcomes achieved globally by working in partnership with leading medical universities, postgraduate training bodies, and other global healthcare leaders. iheed was founded as a commercial organization with a strong social mission and is working to make the best professional postgraduate education programmes accessible through the power of modern learning methodologies and digital technologies.

## RCSI & UCD MALAYSIA CAMPUS

RCSI & UCD Malaysia Campus (RUMC) is the Malaysian branch campus of the Royal College of Surgeons in Ireland (RCSI) and University College Dublin (UCD), two renowned medical universities in Ireland. In 2018, RUMC was awarded University status by the Malaysian Ministry of Higher Education as a Foreign University Branch Campus, making it one of the highest levels for a foreign-owned institution in Malaysia. RUMC is recognized by the Malaysian Medical Council (MMC) and Irish Medical Council (IMC) as graduating high-performing doctors. Students receive a comprehensive medical education and hands-on clinical training in state-of-the-art facilities, preparing them to succeed in the medical profession and ensuring our graduates can pursue their medical careers anywhere in the world, including USA and Canada with recognition from ECFMG, FAIMER and WDOMS
